Support HB19-1032 – Youth Wellness Act: Concerning Comprehensive Human Sexuality Education

Senate Sponsorship: Sen. Coram, Sen. Todd

HB19-1032 This bill modernizes and updates existing law. It enables more young people to access the skills and information they need to keep themselves and their peers safe and healthy.

Colorado doesn’t have a sex ed requirement, but for schools that decide to offer sex ed, law already requires that sex ed cover a comprehensive range of topics. This bill incorporates conversations about consent and healthy relationships into that range of topics, and clarifies that sex ed must not endorse a particular religious ideology, must not shame or stigmatize students, and must be inclusive of LGBTQ youth.
