We Want #RealSexEd NOW!**

We are asking community members, especially young people to record a short 30-59 seconds video on why **#RealSexEd** is important to them. The opposition gathered over three hundred people to oppose this bill and we need to let legislators know that young Colorado's support real comprehensive sexual education.

What does HB19-1032 do?

This bill modernizes and updates existing law. It enables more young people to access the skills and information they need keep themselves and their peers safe and healthy.

Colorado doesn't have a sex ed requirement, but for schools that decide to offer sex ed, law already requires that sex ed cover a comprehensive range of topics.

This bill adds conversations about consent and healthy relationships, clarifies that sex ed must not endorse a particular religious ideology, must not shame or stigmatize students, and must be inclusive of LGBTQ youth.
